"Airlink came through for us in a big way in 2021. During a catastrophic wildfire and flood season, their donation of flights, and coordination efforts helped us support a team of 132 skilled volunteers from Canada and the U.S. in British Columbia over 126 days. Their mission enabled us to bring hope, and skilled hands into communities during their darkest days, and we are grateful."

ABOUT AIRLINK

- Helps multiple nonprofits in every response
- Helps millions of people annually worldwide
- Supports an aviation response to climate change disasters
- Provides critical needs: medical, shelter, search and rescue, clean water and sanitation, child safety programs, nutrition, and more

Airlink is a global humanitarian organization delivering critical aid to communities in crisis by providing airlift and logistical solutions to nonprofit partners, changing the way the humanitarian community responds to disasters around the world.

As a charitable nonprofit organization, our work is funded by cash donations from businesses within and beyond the aviation sector, foundations, and individuals; and in-kind flights from airlines.

Being experts at disaster logistics and building long-term relationships with airlines and nonprofits, Airlink harnesses the power and speed of aviation to help people impacted by humanitarian crises.
